A Youth Sports Paradise

Southern California's dense population, year-round climate, and being at the heart of the fifth largest global economy in the world, creates the perfect place for youth sport to thrive. Southern California is the home of many professional sports franchises, and the region produces many players, teams, and clubs who emerge as National Champions across all sports.

This perfect youth sports environment has been the platform upon which teams playing in CSL have gone on to excel on the national stage. In fact, more National Championships have been won by teams playing in Coast Soccer League than any other league in the nation.

Coast Soccer League is a purpose driven organization, our behaviors create a platform that encourages participation in sports. We are passionate about the role youth sport can play in the growth and development of young men and women. CSL believes participation in youth sports can be transformational, and supports the development of happier kids, healthier families, and stronger communities.

CSL Declaration of Principles

Coast Soccer League believes every leader and influencer in the sport has the responsibility to inspire all stakeholders to engage in the effort to deliver a positive family soccer experience. Soccer participation offers families value beyond making their child a better player, or even a better athlete. The game of soccer is a powerful platform for participants to build character, foster positive values, and develop important life skills. These benefits are available to all players, regardless of the level they play, and are desirable to every family.

Today, guided by our common values, we jointly pledge to the following Principles.

- **Soccer should be an enjoyable family experience; all stakeholders – organizations, players, parents, coaches, referees, volunteers, and facility operators – play a role in this effort.**
- **Soccer's greatest value is the role it plays in the development of character and life skills.**
- **All Soccer organizations – regardless of size, or level of competition – can bring this value to players and families through their ability to deliver a positive family experience.**
- **Physical activity is important for a healthy body, mind, and spirit.**
- **There are significant benefits to a child participating in multiple sports.**
- **Soccer programs should be age-appropriate for all players, account for everyone's individual physical, cognitive, and emotional development.**
- **All Soccer programs should provide a safe, positive, and inclusive environment for players and families.**

We believe living by these Principles, will provide the best possible experience for the entire soccer community.

We invite every family, club, team, coach, and administrator, to join us in creating an inclusive soccer landscape where access to the sport is easy, and every family can watch their child playing a game and developing skills that will last a lifetime.

LA FAMILIA SOCCER

BOYS 2006

Our Motto: More than a Club, Family

As the name implies, La Familia Soccer is a soccer family. 2020 marked the beginning of competitive play for our teams. Our goal at La Familia Soccer is to develop responsible, resilient and productive young athletes. Competitive play has allowed us to travel to tournaments outside our local community and broaden the horizons of these young athletes by allowing them to experience life outside of what they know locally through sports.

Our humble beginnings included playing with a few original team members at local parks, and throughout the years, finding more competitive leagues. The goal was never to play club soccer, it was just to develop players and keep them busy and active. The need for higher competition led La Familia to joining CSL. We moved quietly and swiftly from our initial Covid debut in 2020 at the Bronze level to now Premier League this Fall 2023. Our coaching staff has dedicated their time day in and out to prepare for practices, games and tournaments. We stand together and stand by our program. Small, consistent, evolving. Developing our young athletes into resilient, reliable and responsible young adults is and will continue to be our Familia goal.

MILAN EFC ACADEMY

BOYS 2006

Milan International Soccer Academy Boys 2006 Premier team now in their eight years together, is making their second debut in the prestigious CSL Premier circuit. While Covid-19 restricted many teams and players from participating in California, the team decided to play out of state in Utah and Arizona where athletes could still play and hone their skills.

Team entered local games, participated in 2022-2023 season once the COVID-19 ban was lifted in California and had the distinct opportunity to train with our Italian pro partners at the Empoli FC, training facility.

Training with Empoli FC Academy coaches and playing against Italian academy teams was a cherished experience as players had to quickly adapt to a different style of play which raised a few eyebrows from opponents coaching staff regarding our teams ability to compete even after a long 12-hour flight, next day training sessions and games. MISA Boys 2006 Premier team players hope that some college coach might spot this group of enthusiastic soccer player which also have the scholastic GPA to be recruited.

The following is our roster: Josh Borja #1GK, Aidan Mendez #5 CB, Andrew Garcia # 13 FW, Benjamin Torres M # 30, Brady Wagner #10 ACM, Carson Cope #22 LB, Cesar Garcia #6 M, Hector Gonzalez #2 M, Isaac Higgins # 18 D, Jaxon Killeen #7 DCM, Landon Walker #12 M, Leo Guzman #9 F, Sinjin Christensen #4 D, Jake Dicely #8 CB, Noah Valeria #46 M, Ronaldo Castillo #11 F.

APPLE VALLEY SC

BOYS 2007

Storm Elite 2007 Boys team is starting its 2nd Premier season after placing 3rd in the Fall of 2022. The team competed in the California Regional League over the spring and placed 2nd even though they were undefeated.

When not playing in CSL, the team competes in top-level and college showcase tournaments throughout Southern California which include Surf Cup, Albion Cup, and National Cup. Storm Elite has played in many states including Utah, Arizona, and Nevada, and aims to compete in at least 2 out-of-state tournaments per year to expose them to different playing environments and teams.

Storm Elite has remained highly competitive since its inception and is composed of most of its original players, adding key players throughout to strengthen and keep the team at a top competitive level. The players' comradery and never-ending hard work are one of the reasons they are now playing at the Premier level. At AVSC Storm we not only strive to win and compete at the highest level possible but also to develop players into respectful young adults and open a multitude of opportunities beyond soccer.

FC DEPORTIVO

BOYS 2008

FC Deportivo Norwalk Toritos 2008 was established in 2012 by Coach Israel Ramirez and Jaime Torres, fast forward 11 years to 2023 now their second year playing Premier. Norwalk Toritos started in the Norwalk Youth Soccer League where they then decided to make the move to CSL after about 4 years. This team has managed to move up the CSL latter starting in Bronze then quickly moving up to Silver, Silver Elite and then jumping to Premier due to their continued success.

This past year was a year full of successes and challenges beginning with it being their first year playing High school meaning they had to stop playing together for 3-4 months with new teammates and coaches. However before starting High School soccer they returned to the Las Vegas Thanksgiving Classic 2022 to bring back the championship once again. Once returning from High School they participated in Nationals, US Youth Pacific Conference and CRL. Norwalk Toritos then got the opportunity to participate in the USYS Far West Regional Championship in Boise Idaho. Special thanks to everyone that supported the team including families, friends and the City of Norwalk Vice Mayor Margarita Rios.

The boys have continued working through the challenges as there have been many injuries in the past year. However with consistency and determination they have continued to work through the many adversities of being a small club. Thank you boys for working hard and representing not only the club name but your families and Coach out on the field. Goalie Luis Covarrubias, defenders Armando "Beast" Agraz, Ernesto Zavala, Gabriel Pelayo, Maxi Ortega, Juan Navarro, Ernesto Torres and Marlon Gonzalez. Taking care of the midfield we have Samuel Esquer, Brayam Churape, Nigel Mendoza and Angel Tinajero. Last but not least our forwards Juan Ramirez, Ethan Guzman, Nathan Garcia, Brian Navarro and Osiel Morales.

OXNARD REAL AC

BOYS 2009

Oxnard Real AC Blue 2009 is honored and proud to be part of the Coast Soccer League Premier Division. The 2009 boys are led by Head Coach Rafael Prado, Assistant Head Coach Eddie Dominguez, and Team Manager Silvia Acosta. This team is a true example of “hard work pays off.” This team has competed in every division in CSL, starting from Bronze and working their way up. Although there were challenges and bumps on the road, this team was determined to succeed. With strive and determination they have become the elite team they are today.

Throughout the years Oxnard Real AC Blue has participated in many tournaments in the state as well as out of state. In 2021 they were the runners-up in the Las Vegas Thanksgiving Tournament. However, not satisfied with being runners-up, in 2022 they returned to Las Vegas, and conquered 1st place. Not only have they won varies tournaments, but the team has also been competing and winning in the Los Angeles and local leagues.

Oxnard Real AC Blue is not only a soccer team but has become a family. Every parent, manager, coach, and kid has played a big role in this team. Despite not being a big-name team or Club, the major factor in keeping this team united has been the bond developed between the players and their parents. The trust and respect that everyone has for each other has allowed the team’s success. Several of these kids come from parents who work either in the fields or small warehouses. Despite, the financial or transportation challenges, with the assistance of other parents we have overcome these barriers. In turn, it has allowed for the boys to play the sport that they love.

Aside from Oxnard Real competing at the highest level in Coast, the team will also face new challenges and will be competing in several tournaments across the U.S.

The primary goal has been and will continue to be to push these players to their optimal skills. Not only do we teach them to be great soccer players, but to also be great people in life. Seeing many of our players being accepted into their High School soccer teams in their first year, proofs that their hard work and dedication pays off. We will continue to work with them, and we are hopeful that they will get the opportunity to become soccer players. Thank you everyone for the love and support you have given to the team. We hope to have a successful fall season.

APPLE VALLEY SC

GIRLS 2006

Picking up the Pieces! - With Premier G2005 graduating or aging out, we were left with a loss for our G2006 group that were left on the team. With such success under their belts and great talent, how could we replace such an amazing team? While contemplating our next move with these ladies our Premier G2007 team was enduring loss and injury of players. With their own climb to glory and with their own accolades under their belts, they were confronting their own hurdles. With little to no pull to obtain new talent at the same level; many conversations occurred as to the next steps to the team. G2007 coaching staff, David Banuelos, Phil Riley and Memo Torres, decided to approach, G2005 coach and President of AVSC Storm, Paul Casarez about an idea! Why not combine both teams to create a G2006 team!

When two giants collide! - With the power house of our G2006 players and our heavy hitting G2007 players we felt like we would have a dynamic team! Of course, while reviewing the merge of teams we wondered could these young players keep up with the likes of: Jayla Justice (C), Madison Baker (C), Bless Parker-Hill, Sarah Fort, Isabella Orellana, Skye Hernandez, Islet Montez and Julia Alvarado? We soon found out that yes, they can! With the strong young presence of: Miranda Banuelos, Katy Beck, Payten McClain, Kylie Flores, Makayla Munoz, Abigail Riley, Yzabelle Torres, Giselle Perez, Marisol Rivera, Juliana Perez, Clarissa Rolon and Daijah Reymond, we soon found out they could keep up with ladies 1 to 2 years older than them.

The beginning of a Legacy! - With such a strong force coming together, which includes several ODP (Olympic Development Program) candidates, we were excited to get this season started. Having so many rockstars coming together, is setting the stage for a great season. As the 2023 Premier season commenced, we have pushed these ladies to their limit! With goals set for each game they have exceeded expectations and are proving to the coaching staff and to their opponents to not count them out. With a great coaching staff on board to see these girls to their highest potential, they can be unstoppable!

GIRLS 2006

MSA FC United G2006, coached by Michael Gout and Michael Armstrong, is an ambitious and exciting team of players that are eager to compete in their sixth season together. Emerging from the bottom, this team advanced from Bronze to Premier within the span of two calendar years. These triumphs were inspired by years of dauntless suffering, missing out on promotion by one point two years in a row. Fueled by previous misery, the team secured promotion in three consecutive seasons and now sits at the top, ready to take on CSL Premier for the first time.

As head coach, Coach Gout made it his managerial goal to maintain his team’s passion for the game as well as encouraging dedication and hard work. This philosophy has been proven efficient as 10 of the original 12 girls remain on the team after six years. Both Coach Gout and Coach Armstrong are very proud of this baffling, yet remarkable, feat.

A large part of the team’s familial atmosphere is orchestrated by the parents. You can always hear an enthusiastic Gerry Saucedo with his electrifying “Humuhumunukunukuapuaa” chant. Of course, everyone loves when Arya Hogerheiden scores, just so the entire crowd can chant her name. (Arya...Arryyyyaaa!)

When asked about the upcoming season, Coach Gout said, “I’m excited, to be fair. We are not here to make up the numbers, we are here to make some noise. We have a strong core of leaders who can inspire and guide us, and we were lucky enough to find a few new faces who are absolutely going to add some extra flair and creativity to how we like to play. We are confident in our abilities, and we will give our best in every match.”

Last season, MSA FC United G2006 won CSL Championship North, having a record of 9-2-1. They scored a total of 47 goals (1st in league), and conceded 14 (2nd in league). Jessie Shepherd was the leading goal scorer that year with 12 goals in 12 games. In League Cup, they made an earlier than desired exit during the quarterfinal stage, losing 0-1. Contrarily, in Cal South Presidents Cup, MSA FC prevailed and were eventually crowned champions. This victory ensured their place in the Far West Presidents Cup in Boise, ID, where the team got to represent Cal South. This year, the team strives to challenge for a top spot and prove themselves capable of competing at the highest level. They yearn for another successful season in the books and to finish their spectacularly metamorphic journey together on a high note.

Roster: Amanda Acosta, Jaclyn Armstrong, Brisa Barraza, Kennedy Burke, Chantelle Desales, Brianna Ellis, Eva Goncalves, Makenna Gout, Arya Hogerheiden, Emma Johnston, Gianna Livingstone, Lauren Mitra, Reya Nichols, Gianna Quesada-Sanchez, Jessica Rodriguez, Kamryn Rodriguez, Claritza Romero, Tess Saucedo, Jessie Shepherd | **Coaches:** Michael Gout (head), Michael Armstrong (assistant)

JEWEL CITY UNITED

GIRLS 2007

Jewels City United Girls 2007 is not just a team, it's a family that stays strong through any situation. Most of the girls started from recreational play and within a short time with the guidance of the coach and team manager moved up to play with top level competition.

Our coaches' approach was to build character and teach the girls to love and enjoy the game but also take more from it and use it towards their daily life experiences as they grow older. Coach Edgar Akopyan advocated to the players and parents that we play together as one unit and for him this was not just soccer but to build up self-esteem and strength to be ready for real life challenges. Over the many years that this team has spent together, one thing stays constant, and that is their love for the sport and their love for one another. Whether it is playing with a full roster or being down to 10 players, the hard work and dedication that this team has to offer is displayed when they step onto the field. This team becomes more and more like a family as time passes and their bond becomes stronger with that time.

This team is one that has grown and continues to grow, and so will its players both with their relationship with soccer and as good human beings.

APPLE VALLEY SC

GIRLS 2008

AVSC Storm Girls 2008 are prepped and ready for competition. The ladies continue to push themselves individually and as a team to establish their place within the top levels of competition. Oleg Tsabur, head coach, and Ashley Smith, assistant coach, remain determined to guide the team to their next Championship.

As 2022 League Cup Champions and 2023 National Cup Champions, AVSC Storm Girls 2008 have higher expectations for the future. Returning to the premier league for a second season, AVSC Storm Girls 2008 is ready to meet their competition.

Continuing with a strong foundation of original players, the team has been fortunate to continue building with new players that bring strong skills and collaboration to continue the effort to elevate their game. Through their love of the game, the ladies have created a strong bond that brings their level of play to the next level.

AVSC Storm Girls 2008 are an organized creative force. They adapt to their opponents playing styles on both sides of the field. The ladies continue to improve their playing style in order to create goal scoring opportunities whenever they step onto the field.

AVSC Storm girls would like to give a huge shout out to their parents for their time and commitment as the team continues their athletic journey. Additionally, thank you to our community sponsors who have continually helped the team throughout the years.

ELITE DEV. ACADEMY

GIRLS 2008

After an impressive inaugural 2022-23 season as the Girls 2008 Premier League Champions, the Elite Development Academy (EDA) G08 team is excited to be returning to CSL Premier League for their second season. As defending champions, these girls are motivated to hold onto their title against the fierce competition in their bracket. These girls continue to be coached by former US-MNT player Michael Orozco and his team of coaches. With a few new players added to the roster this season, they will be challenged to be tougher physically and mentally as they grow stronger as a team.

What helps make this team successful is the bond the girls have both on and off the field. This team is more like a family and it shows as these girls come together and work as one team on the pitch. These talented players come from all over Southern California with several who have been invited to ODP tryouts and the Guatemalan National Team over summer. Many of these girls will also be playing for their High Schools: Troy High School, Mater Dei, Brea Olinda, Otay Ranch, Warren High School, Western, Tustin and Godinez.

These smart and talented young ladies will be attending many showcases and ID camps over the next few years as they prepare for their journey towards playing in college. Already on the schedule is the Desert Super Cup in Phoenix, Mayor's International Showcase in Las Vegas and Gothia Cup in Sweden.

Good luck girls! We look forward to seeing what the future holds for each and every one of you.

CVSC VIPERS / SURF ELITE

GIRLS 2009

“Players with fight never lose a game, they just run out of time.” John Wooden

Heading into a new chapter along their soccer team journey, our Vipers 09 girls team, lead by Coach Bill Reynolds, is ready to rise to the occasion this upcoming season. In May 2023, as a Division 1 team, composed of players from nine different schools representing Santa Maria and the Central Coast, was officially invited to join the Premier division this fall. Our players are composed of girls from El Camino Middle School, Mesa Middle School, St. Louis de Monfort Catholic School, Mission College Prep Catholic High School, Nipomo High School, Righetti High School, St. Joseph High School, and Santa Maria High School. Although they are dispersed throughout two counties, our girls come together collectively to compete and thrive on the soccer field with heart and grit. The Vipers are a third-year soccer club team who just recently took part in the 2023 Far West Presidents Cup in Boise, Idaho this summer representing the state of California through Cal South Soccer Association. The results provided valuable lessons individually and as teammates to move forward with clarity and strength. They are aware that every situation, regardless of a win or loss, can be a learning experience. Prior to this tournament, our Vipers have accumulated their share of acute accomplishments and victories. Not only did the Vipers earn the 2022 State Cup Mayors Division championship title, allowing two goals and scoring 27 goals, but the following year they earned the 2023 State Cup Presidents Division championship title as well, allowing two goals and scoring thirteen goals. With our new transition to Central Coast Surf, and CVSC coming to an end, our Vipers will go down as one of the most successful teams ever to play for CVSC, as well as the only CVSC team to ever win back-to-back State Cup Championships. Other tournament and league successes include winning the 2021/2022 CSL Bronze Alpha Division, 2022 Nipomo Adobe Cup, and 2022 and 2023 SLO Junior's Classic. They were finalists in 2020/2021 CSL Bronze Alpha Division, 2022 Ventura Fusion Cup, and 2022 CSL Division 1. The CSL Vipers 09 girls have shown their determination to succeed and persevere and have plans to bring that energy to the field this fall. These girls always strive to be the best versions of themselves every time they step onto the field and when they step off the field. We pride ourselves on our team culture that was built from our players, coaches, and amazing families. We will always be bonded together as a soccer family!!

WEST TORRANCE REBELS

GIRLS 2009

This amazing group of girls is aptly named the “Rebels” as they have defied established norms and chosen the “path less traveled” on their soccer journey. With a focus on maintaining continuity and growing together the team has progressed each season from its inaugural CSL season several years ago and is now entering the Premier League for the first time after advancing through prior seasons at the Silver, Gold, and Championship levels.

This group of Rebels are also pioneers as they led the formation of a new Club program within West Torrance AYSO as the very first “Alliance” team. The success of this team has opened doors for many other participating players and families as the program has grown from only this team at its inception to now twenty-four teams competing within CSL under the West Torrance banner.

The Rebels are honored to be a part of CSL competing at the Premier level. We are very grateful to the leadership of CSL which promotes a team focused league that rewards teams based on their performance and not necessarily the Club name on their jerseys. The Rebels would not be where they are today without the ability to compete in such a wonderful league like CSL. We wish all teams in CSL the best this season and are looking forward to once again competing in the pitch.

Coast Soccer League recently hosted two Cal South PRO+ ODP Training Centers with over 220 Players attending in Ventura and Orange County.

Club coaches whose teams play within Coast Soccer League recommended over 280+ skilled players for these first two Training Centers. Cal South's PRO+ ODP staff put the players through their paces via training sessions and games, which gave the players a great opportunity to show off their

talents for potential inclusion in the PRO+ ODP Winter Player Pools.

"We have done outreach Training Centers for PRO+ ODP for the past 7 years," said Cal South Technical Director Steve Hoffman, "but we felt it was the right time to work directly with Coast Soccer League to give even more players the chance to be seen by our staff. A big credit must be given to the club coaches within Coast for recommending so many terrific young players."

Only 61 Boys and 48 Girls will be invited into the PRO+ODP winter pool in December 2023. Players will have the opportunity to make the Cal South ODP State Team for their age group. The boys and Girls 2012-2011-2010-2009-2008-2007 will compete in the West ODP Regional Championship from Jan 4-8, 2024 in Mesa Arizona
